Bethany is a Third Six Pupil, having transferred her practice to Chambers from the employed bar, where she worked following successful completion of her pupillage with the Government Legal Department.

She brings a broad range of experience. She has advised on high profile commercial, immigration and contractual matters, and is committed to pro-bono work as a member of the Family Panel at the legal charity, Advocate. Prior to her legal career, Bethany worked as a management consultant, and volunteered as a debt adviser, advising and empowering individuals struggling with debt in South-West London.

Outside work, Bethany is the singer in a semi-professional function band, performing at parties and gig venues around the UK.
